

22<sup>nd</sup>, July, 2022

To our valued customers,

EIGHTEX Inc.

## Price Revision Notice

We would like to thank for your continuous support, and we hope this letter finds you well.

Effective from shipments after July 21<sup>st</sup>, 2022, we will be revising the price for some of our products, due to current world affair, climate change and escalation in raw materials, wrapping materials and logistics costs.

We have been working to review our workflow and increase our productivity, but the rise in cost in the past months have made it difficult for us to sustain the current price. The details of the revision are as shown in the following table:

We will continue to abide by our corporate mission and prioritize safety and security. We will also come together as a whole team to invent, sustain and improve the quality of our products and service to serve your needs.

We would much appreciate your understanding.

Best regards,
